

Kseibi Integra Safety Glasses

Scratch-resistant eye protection for everyday work

Kseibi

Highlights

- Scratch-resistant lens for clearer day-to-day use
- Wraparound design helps provide broad eye coverage
- Lightweight PE construction for comfortable wear
- Suitable for workshop, garage and site tasks
- Integrated nose support for a practical fit
- One-piece lens design for a clean field of view
- Available in Clear, Green, Black and Orange lens options
- High-visibility orange temple tips shown in image
- Hanging card packed for easy display and storage
- Professional choice for trade and DIY users

Key Features

- Scratch-Resistant Lens — Built with a scratch-resistant lens to help maintain visibility through regular use in busy work environments.
- Wraparound Coverage — The curved one-piece lens style shown helps deliver practical front and side eye coverage during everyday tasks.
- Lightweight PE Build — PE construction keeps the glasses light and easy to wear for routine workshop, maintenance and site work.
- Multiple Lens Options — Available in Clear, Green, Black and Orange lens variants to suit different preferences and working conditions.
- Ready for Retail or Storage — Supplied in hanging card packing for straightforward display, stock handling and storage.
