

Kseibi Steel Toe Safety Shoes with PU Sole

Protection that works as hard as you do

Kseibi

Highlights

- Steel toe protection for demanding work environments
- PU sole for durable everyday wear
- Low-cut design supports easier movement
- Lace-up fit helps keep the shoe secure
- Textured outsole for stable footing
- Padded collar adds wearing comfort
- Perforated upper detail for a breathable look
- Suitable for warehouse, workshop and site use
- Available in sizes 36/230 to 48/290
- Supplied in box packing

Key Features

- Steel Toe Protection — Designed with a steel toe to help protect the front of the foot in active work environments.
- Durable PU Sole — The PU sole provides a hard-wearing foundation suited to regular use on the job.
- Work-Ready Tread — A deep, textured outsole pattern supports grip and confident movement across busy work areas.
- Comfort-Oriented Fit — The lace-up design and padded collar help create a secure, supportive feel through the working day.
- Broad Size Range — Available in sizes from 36/230 up to 48/290 to suit a wide range of users.
