

Kseibi PROGRIP Square Tip Bricklaying Trowel

Control mortar with a clean square tip

Kseibi

Highlights

- Square tip blade for clean, controlled mortar work
- High quality tool steel blade construction
- Polished surface helps smooth spreading and cleanup
- PROGRIP handle supports comfort and control
- Suitable for bricklaying, patching and repair jobs
- Balanced shape for accurate placement of mortar
- Sturdy shank connection for dependable handling
- Available in 14cm, 16cm, 18cm, 20cm and 22cm
- Orange and black handle is easy to identify on site
- Practical choice for trade and serious DIY use

Key Features

- Square tip blade — The square tip profile helps with neat spreading, scooping and shaping of mortar, especially where clean edges and controlled application matter.
- High quality tool steel — Made with high quality tool steel for dependable strength and durability in regular masonry, tiling and repair work.
- Polished blade finish — A polished surface promotes smooth mortar movement across the blade and makes the trowel easier to clean after use.
- Comfort-focused PROGRIP handle — The ergonomic orange and black handle design offers a secure, comfortable hold for better control through longer tasks.
- Choice of working sizes — Available in 14cm, 16cm, 18cm, 20cm and 22cm options so you can match the trowel size to the job and your preferred feel.
