

Kseibi Table Bench Vise

Stable grip for everyday bench work

Kseibi

Highlights

- Bench-mounted vise for repair, assembly and holding tasks
- Available in 2in 50mm, 4in 100mm, 6in 150mm and 8in 200mm
- Black finish suits professional and home workshop setups
- High quality tool steel specified across the range
- Selected sizes feature a GB standard #22 cast iron body
- Selected sizes include a #45 steel lead screw
- Screw clamp base attaches securely to bench or table edges
- Cross handle helps apply controlled jaw pressure
- Compact design ideal for general workshop use
- Keeps workpieces steady for safer, more accurate hand work

Key Features

- Multiple Size Options — Choose from 2 inch 50 mm, 4 inch 100 mm, 6 inch 150 mm and 8 inch 200 mm sizes to match your workload and bench space.
- Bench Clamp Mounting — The integrated screw clamp base is designed to fasten onto a table or bench edge for quick setup and stable support.
- Durable Metal Construction — Made with high quality tool steel, with selected larger variants specified with a GB standard #22 cast iron body and #45 steel lead screw.
- Controlled Adjustment — The handle-operated screw mechanism allows smooth tightening and release, helping you position and secure parts with confidence.
- Versatile Workshop Use — Useful for holding components during filing, cutting, tightening, assembly and general maintenance jobs.
