

Kseibi Tile Leveling Clips Flat Base 100-Pack

Consistent joints, flatter tile finishes

Kseibi

Highlights

- Flat base tile leveling clips for cleaner alignment
- Made from POM for dependable installation use
- Available in 1.0 mm, 1.5 mm, and 2.0 mm sizes
- Helps maintain consistent tile joint spacing
- Supports flatter tile-to-tile transitions
- Slotted base design for tile leveling systems
- Suitable for wall and floor tile projects
- 100 clips per bag for convenient jobsite supply
- Color-coded by size for easy identification
- Ideal for new tiling work and repair jobs

Key Features

- Flat Base Design — The flat base sits under the tile edge to support consistent placement during leveling and spacing.
- Three Size Options — Choose from 1.0 mm, 1.5 mm, or 2.0 mm clips to suit the tile joint width required for the job.
- POM Construction — Manufactured from POM for a practical balance of rigidity and reliability in tile installation work.
- Slotted Upright Body — The slotted stem profile is designed for use as part of a tile leveling setup to help control alignment.
- 100-Pack Supply — Each bag includes 100 clips, giving you a handy quantity for smaller jobs or replenishing stock.
