

KSEIBI Steel 5-Compartment Cantilever Tool Box

Organised storage with instant access

Kseibi

Highlights

- 5-compartment layout for organised tool storage
- Cantilever design opens wide for easy access
- Steel construction for everyday durability
- Large lower compartment for bigger hand tools
- Upper trays help separate small parts and fixings
- Metal carry handle for easy transport
- Black body with orange trays for clear visibility
- Ideal for workshop, site and home use
- Available in 420 x 200 x 205mm and 530 x 200 x 205mm
- Helps keep tools tidy and easy to find

Key Features

- 5-compartment organisation — Two upper trays and a larger base compartment help separate small parts from larger tools.
- Cantilever opening system — The linked side arms open the trays outwards to reveal the full contents quickly and clearly.
- Steel body construction — Made from steel for dependable strength and durability in regular professional or DIY use.
- Practical size options — Available in 420 x 200 x 205 mm and 530 x 200 x 205 mm formats to suit different tool kits.
- High-visibility colour scheme — Black lower sections with orange top trays and handle create a clear, easy-to-identify layout.
