

Kseibi Velcro Backing Pad for Sanding Discs

Secure grip for faster disc changes

Kseibi

Highlights

- Black PP body with red EVA cushioning
- Hook-and-loop face for quick disc changes
- Suitable for flocking sandpaper and sponge
- Available in 100, 115, 125 and 180 mm sizes
- Supports even contact across the work surface
- Helps improve control during sanding tasks
- Threaded fixing for compatible tool fitment
- Practical choice for prep, sanding and finishing
- Durable construction for regular workshop use
- Supplied in hanging card packing

Key Features

- Hook-and-loop attachment — Velcro-style face holds sanding discs and sponges securely while allowing fast, easy changes between abrasives.
- PP and EVA construction — Black PP provides a solid base, while the red EVA layer adds cushioning to support smoother contact in use.
- Made for abrasive accessories — Designed for flocking sandpaper and sponge abrasives used in sanding, surface preparation and finishing work.
- Popular size options — Available in 4 inch 100 mm, 4-1/2 inch 115 mm, 5 inch 125 mm and 7 inch 180 mm formats to suit common applications.
- Threaded mounting options — Range includes M14 fitment on selected sizes, with the 100 mm version specified as 100MMxM10 for compatible setups.
