13 essential metal drill sizes in one case

Kseibi · 598015

Highlights

- 13-piece set covers sizes from 1.5 mm to 6.5 mm
- Made from HSS-R #4241 for general metal drilling
- DIN338 rolled twist drill bit design
- Supplied in a compact plastic storage case
- Clearly organised holder helps identify sizes fast
- Suitable for workshop, site and home use
- Handy range for pilot holes and routine drilling
- Bits store upright for quick selection
- Protective case helps keep the set together
- Practical kit for toolboxes, benches and vans

Key Features

- 13-piece size range — Includes a practical spread of drill bit sizes from 1.5 mm to 6.5 mm for common drilling tasks.
- HSS-R #4241 construction — Manufactured from HSS-R #4241 for dependable everyday performance on metal drilling applications.
- DIN338 twist drills — Built to DIN338 specification in a rolled twist drill format for familiar, versatile use.
- Plastic storage case — Comes packed in a compact plastic case that helps protect, store and organise the full set.
- Easy size selection — The holder presents each bit in order with visible size markings, making it quicker to choose the right bit.
