Everyday metal drilling, neatly boxed

Kseibi · 598025

Highlights

- 19-piece drill bit set for metal drilling tasks
- HSS-R #4241 construction for general workshop use
- DIN338 rolled twist drill format
- Covers sizes from 1.0 to 10.0 mm
- Supplied in a sturdy iron storage box
- Dedicated holder keeps bits organised
- Visible size markings aid quick selection
- Compact set for toolbox, garage or site use
- Suitable for pilot, fixing and clearance holes
- White finish as specified

Key Features

- 19-piece size range — Includes a practical spread of drill bit sizes from 1.0 to 10.0 mm for common drilling jobs.
- HSS-R #4241 material — Made from HSS-R #4241 for reliable general-purpose performance in metalworking applications.
- DIN338 twist drills — Produced to DIN338 format as rolled twist drills for familiar handling and everyday workshop use.
- Iron box storage — Comes packed in an iron box that helps protect the set in storage and transport.
- Organised bit holder — The internal rack keeps each bit in place, with visible size markings for faster identification.
