

KSEIBI 13-Piece HSS-G Metal Drill Bit Set with Case

13 essential metal drill bits in one compact case

Kseibi · 598045

Highlights

- 13-piece metal drill bit set for workshop and maintenance use
- DIN338 ground twist drill design
- Made from HSS/M2 for metal drilling tasks
- Supplied in a compact plastic storage case
- Bits stored upright for quick size selection
- Suitable for general drilling and pilot hole work
- Ground flutes support smooth, consistent cutting
- Organised case helps protect bits between jobs
- Handy range of common bit sizes in one set
- Ideal for toolbox, bench or site storage

Key Features

- DIN338 Ground Twist Drills — Built to DIN338 specification, these ground twist drill bits are designed for accurate, dependable drilling performance.
- HSS/M2 Construction — Made as HSS/M2 ground drill bits, the set is suited to routine metal drilling, repair and fabrication tasks.
- 13-Piece Size Selection — The set provides 13 commonly used drill bit sizes, giving you useful coverage for everyday workshop applications.
- Compact Plastic Case — A practical plastic case keeps the bits together, protected and easy to carry or store in a toolbox or drawer.
- Fast Visual Access — The stand-up holder layout lets you see and pick the size you need quickly, helping keep work organised.
