- Designed for metal drilling tasks
- Amber-coloured drill bits
- Supplied in a durable iron box
- Clear size markings for quick selection
- Organised holder keeps bits in place
- Compact case for workshop or site use
- Suitable for repair, fabrication and maintenance

Key Features

- HSS/M35 with 5% cobalt — Made from HSS/M35 Co5% for improved heat resistance and dependable performance in metal drilling applications.
- DIN338 ground twist drills — Built to DIN338 specification with a ground twist drill form for accurate, consistent drilling.
- 19-piece useful size range — Covers a versatile selection of common drill sizes for everyday workshop, maintenance and installation tasks.
- Protective iron storage box — Comes in a robust iron box that helps protect the set, keep it organised and store it neatly between jobs.
- Easy-to-read organisation — The internal holder shows clearly marked sizes, helping you pick the right bit quickly and keep the set in order.
