

Kseibi 25-Piece HSS-Co M35 Cobalt Drill Bit Set in Iron Box

Cobalt drilling performance in a durable iron box

Kseibi · 598090

Highlights

- 25-piece metal drill bit set for workshop and site use
- HSS-Co M35 material with 5% cobalt
- DIN338 ground twist drill design
- Size range covers 1.0 to 13.0 mm
- Amber finish for a professional look
- Supplied in a sturdy iron storage box
- Organised holder keeps sizes easy to read
- Suitable for drilling iron and other metals
- Helps with pilot holes and step-up drilling
- Compact case keeps the set protected and together

Key Features

- M35 cobalt steel construction — Made from HSS-Co M35 with 5% cobalt to support heat resistance and dependable wear performance in metal drilling applications.
- Ground twist drill accuracy — DIN338 ground twist drills deliver a precise, consistent drilling option for fabrication, maintenance and general workshop tasks.
- Wide 25-piece size range — Includes 25 drill bits from 1.0 to 13.0 mm, giving you the flexibility to handle small pilot holes through to larger diameters.
- Durable iron box — The supplied iron box helps protect the bits in storage and transport, while keeping the full set together between jobs.
- Clear size organisation — The internal holder presents the bits in a neat, easy-access layout so you can find the right diameter quickly and work efficiently.
