

Kseibi Glass & Tile Drill Bit Set 4-10mm

Clean starts for glass and tile drilling

Kseibi · 598180

Highlights

- 5-piece set includes 4, 5, 6, 8 and 10mm bits
- Designed for glass and tile drilling tasks
- Spear-point tips help with precise hole starts
- Chrome finish for a clean, professional look
- Useful size range for common fixing jobs
- Straight shank design as shown in the image
- Suitable for installers, tradespeople and DIY use
- Plastic box packing keeps the set together
- Ideal for brackets, mirrors and bathroom fittings
- Convenient all-in-one set for brittle surfaces

Key Features

- Five popular sizes — Includes 4mm, 5mm, 6mm, 8mm and 10mm drill bits to cover a practical range of everyday installation work.
- Made for glass and tile tasks — A dedicated set for jobs where smooth, brittle surfaces need a more controlled drilling approach.
- Spear-point bit shape — The bit tips shown in the image are shaped to help position the drill more accurately at the start of the hole.
- Chrome finish — Finished in chrome for a tidy, professional appearance and dependable storage in the toolbox between uses.
- Plastic box packing — Supplied in a plastic storage box pack to help keep all five bits organised and easier to store.
