

Kseibi 3-Piece HSS Step Drill Bit Set in Storage Case

Three step bits, wide drilling range

Kseibi · 598225

Highlights

- 3-piece HSS 4241 step drill bit set
- Titanium-plated cutting surfaces
- Supplied in a compact storage case
- Marked size ranges for quick selection
- Includes 4-12, 4-20 and 4-30 step bits
- Progressive step profile for controlled drilling
- Useful for enlarging holes cleanly
- White surface finish
- Keeps bits organised between jobs
- Practical set for workshop and site use

Key Features

- HSS 4241 Construction — Made from HSS 4241 for reliable performance in a practical step drill bit set.
- Titanium-Plated Feature — Titanium-plated cutting surfaces help support smoother drilling and everyday durability.
- Three Useful Size Ranges — Includes bits marked 4-12, 4-20 and 4-30 for versatile hole sizing from one set.
- Progressive Step Design — The stepped profile helps enlarge holes gradually for better control during drilling.
- Organised Storage Case — Comes packed as a 3-piece set in a compact case to keep the bits protected and easy to access.
