

Kseibi 8-Piece Quick-Change Titanium-Coated Drill Bit Set

Fast bit changes, practical size range

Kseibi · 598325

Highlights

- 8-piece drill bit set for common drilling tasks
- Quick-change hex shanks for faster bit swaps
- Titanium-colored coated finish
- Twist drill design for efficient chip removal
- Compatible with quick-change chucks and holders
- Covers a versatile range of bit sizes
- Secure hex shank grip helps reduce slipping
- Useful for workshop, site and home repairs
- Ideal for pilot holes and general drilling work
- Compact set that's easy to keep close at hand

Key Features

- Quick-change shanks — Each bit features a hex quick-change shank for faster swaps in compatible chucks and bit holders.
- 8-piece assortment — Includes eight drill bits in a useful range of sizes for everyday drilling and installation work.
- Titanium-coated style — The gold-colored coated finish is designed for routine drilling use and dependable cutting performance.
- Twist drill geometry — Spiral flutes help carry debris away from the cut to support smoother, more controlled drilling.
- Made for versatile use — Suitable for general maintenance, repair, fitting and workshop tasks where quick changes save time.
