Key Features

- Two-in-One Bit Design — Each bit combines a twist drill tip with a countersink section to help you complete pilot drilling and screw seating prep in one operation.
- 5-Piece Set — Supplied as a 5-piece set, giving you a practical selection for a range of fastening and pre-drilling tasks.
- Hex Shank Fitting — The visible hex shank format supports quick installation and removal in compatible drills and drivers.
- Cleaner Screw Finishes — Designed to help create a recess for screw heads so fixings can sit more neatly and consistently in the workpiece.
- Workshop and Site Ready — Suitable for general building, furniture assembly, joinery and other jobs where fast, tidy pilot hole preparation is important.
