252 pieces of rotary tool versatility in one case

Kseibi · 689055

Highlights

- 252-piece accessory assortment for rotary tool tasks
- Suitable for grinding, sanding and polishing jobs
- Supplied in a plastic storage case for organised storage
- Includes multiple accessory types for varied applications
- Clear lid helps you see contents at a glance
- Useful for DIY, hobby, repair and workshop work
- Black handle makes the kit easy to carry
- Keeps small accessories sorted and easier to access
- Black latches help keep accessories secure
- Compact case format helps reduce clutter in storage

Key Features

- 252-piece accessory range — A comprehensive set that gives you a broad selection of accessories for common rotary tool applications in one purchase.
- Organised plastic case — Packed in a plastic storage box that helps keep accessories separated, protected and easier to find between jobs.
- Clear lid visibility — The transparent lid makes it simple to check the contents quickly without opening the case and searching through loose parts.
- Portable carry handle — Built with a black carry handle so you can move the kit easily between the bench, toolbox, van or job site.
- Versatile task coverage — The assortment shown is suited to detail work such as grinding, sanding, polishing, cleaning and general accessory-based rotary tasks.
