

KSEIBI 20V Cordless Impact Drill Driver 13mm Bare Unit

40 Nm cordless drilling and driving power

Kseibi · 710203

Highlights

- 40 Nm max torque for strong drilling and driving
- 2-speed gearbox with 0-440/0-1650 rpm no-load speed
- Impact function with up to 0-7920/0-29700 rate
- 13mm metal single-sleeve keyless chuck
- Bare unit supplied without battery or charger
- Suitable for drilling, screwdriving and impact drilling
- Quick bit changes with one-sleeve chuck design
- Cordless 20V platform for easy movement on site
- Soft-grip style handle supports secure control
- Integrated belt clip for convenient carrying

Key Features

- 40 Nm Torque Output — Delivers up to 40 Nm max torque on hard joints for effective fastening and drilling performance.
- 2-Speed Performance — Choose between controlled lower speed and higher drilling speed with 0-440/0-1650 rpm no-load ranges.
- Impact Drilling Capability — Maximum impact rate of 0-7920/0-29700 helps tackle tougher drilling tasks with added striking action.
- 13mm Metal Keyless Chuck — The metal single-sleeve keyless chuck offers secure bit retention and faster, simpler bit changes.
- Bare Unit Convenience — Supplied without battery or charger, making it a smart addition for existing KSEIBI 20V users.
