

Kseibi 20V Cordless Impact Drill 13mm with 2 Batteries

20V power for drilling, impact drilling and screwdriving

Kseibi · 710205

Highlights

- 20V cordless impact drill for versatile site and home use
- Up to 40 Nm max torque on hard joints
- 2-speed gearbox: 0-440 / 0-1650 rpm
- Maximum impact rate: 0-7920 / 0-29700
- 13 mm metal single-sleeve keyless chuck
- Includes 2 batteries for less downtime
- Supplied with charger for convenient recharging
- BMC box keeps tool and accessories protected
- Textured grip supports comfortable handling
- Built for drilling, hammer drilling and fastening

Key Features

- 40 Nm max torque — Delivers the turning force needed for drilling and fastening tasks, with up to 40 Nm on hard joints.
- 2-speed performance — Choose between 0-440 rpm for controlled driving and 0-1650 rpm for faster drilling progress.
- Impact drilling function — Maximum impact rates of 0-7920 and 0-29700 help tackle tougher materials when hammer action is needed.
- 13 mm metal keyless chuck — The metal single-sleeve keyless chuck offers quick accessory changes and a secure hold on bits.
- Complete cordless kit — Comes with 2 batteries, charger and a BMC box so the drill is easy to store, carry and keep job-ready.
