

Kseibi 20V 165mm Cordless Circular Saw Bare Unit

Cordless cutting power for everyday site work

Kseibi · 710215

Highlights

- 20V cordless circular saw for portable cutting freedom
- 165 mm saw blade diameter for versatile cutting tasks
- 3800 rpm no-load speed for smooth cutting progress
- Cuts up to 54 mm at 90°
- Cuts up to 40 mm at 45° bevel
- Bare unit supplied without battery or charger
- Front auxiliary handle supports two-handed control
- Wide base plate helps guide steady, accurate cuts
- Blade guard design visible for added cutting control
- Suitable for straight cuts and bevel cutting jobs

Key Features

- Cordless 20V convenience — Work more freely around the site or workshop without managing extension leads or staying close to a power outlet.
- 165 mm blade format — The 165 mm blade size offers a practical balance of reach, manoeuvrability and versatility for common cutting jobs.
- Useful cutting capacity — With 54 mm capacity at 90° and 40 mm at 45°, the saw can handle straight and bevel cuts across a range of materials.
- Controlled handling — A front auxiliary handle and supportive base plate help you maintain a steadier grip and smoother guidance through the cut.
- Bare unit value — Supplied without battery or charger, it is a smart option for users who already own compatible 20V power components.
