

Kseibi 20V Cordless Jigsaw 80mm Bare Unit

Cordless control for everyday cutting

Kseibi · 710221

Highlights

- 20V cordless jigsaw for flexible, cable-free cutting
- Variable blade speed from 0-2500/min
- 20 mm stroke length for effective cutting action
- Cuts wood up to 50 mm
- Cuts metal up to 5 mm
- Bare unit supplied without battery or charger
- Compact top-handle design for controlled guidance
- Base plate supports stability on the work surface
- Suitable for curved cuts, trim work and cut-outs
- Hex key shown included for setup or adjustment

Key Features

- Cordless 20V Convenience — Work freely around the bench, home or jobsite without managing a power cord, making setup faster and access easier.
- Variable Cutting Speed — Blade speed of 0-2500/min gives you control for different materials and cutting tasks, from careful shaping to faster progress.
- Practical Cutting Capacity — Handles wood up to 50 mm and metal up to 5 mm, covering many common DIY, repair and fitting applications.
- Controlled Handling — The compact body, top handle and stable base plate design help you guide the tool with confidence through straight and curved cuts.
- Bare Unit Format — Supplied without battery and charger, ideal for users who already own compatible 20V system components.
