

Kseibi 20V Cordless Angle Grinder 115mm Bare Unit

Cordless grinding with 115mm versatility

Kseibi · 710238

Highlights

- 20V cordless angle grinder for flexible jobsite use
- 115 mm maximum disc diameter for versatile cutting and grinding
- 10000 rpm no-load speed for efficient material removal
- Bare unit supplied without battery or charger
- M14 spindle thread for compatible accessory fitting
- Compact body helps improve control in tight spaces
- Side handle supports a steadier two-handed grip
- Guarded head design for controlled operation
- Ideal for workshop, maintenance and site tasks
- Good choice for users already on the Kseibi 20V platform

Key Features

- Cordless 20V freedom — Work without trailing leads and move easily between tasks, indoors or outdoors, with the convenience of 20V cordless operation.
- 115 mm disc capacity — Designed for a maximum 115 mm disc diameter, giving you a practical size for a wide range of cutting and grinding jobs.
- 10000 rpm no-load speed — High no-load speed helps deliver quick, effective performance for general material removal and cutting applications.
- M14 spindle fitting — The M14 spindle thread supports fitment with compatible accessories using this widely used connection standard.
- Bare unit value — Supplied without battery or charger, this version is ideal for expanding an existing Kseibi 20V cordless setup.
