

# Kseibi 400W 6.5mm Keyed Electric Drill

Compact power for precise everyday drilling

Kseibi · 710705

## Highlights

- 400W motor for everyday drilling tasks
- No-load speed up to 3800 rpm
- 6.5mm chuck capacity for small-bit work
- Keyed chuck for secure bit tightening
- Compact body for easier handling
- Corded design for consistent power
- Pistol-grip format for familiar control
- Suitable for home, DIY and workshop use
- 220-240V, 50-60Hz operating range
- Ventilated housing helps airflow around motor

## Key Features

- 400W Corded Performance — Provides dependable drilling power for routine household, maintenance and workshop applications.
- High No-Load Speed — Delivers up to 0-3800 rpm for quick drilling response and controlled operation on light-duty jobs.
- 6.5mm Keyed Chuck — Holds smaller drill bits securely and allows firm tightening for stable, accurate drilling.
- Compact Drill Body — The streamlined shape is easier to manage in confined spaces and more comfortable for general use.
- Ready for Standard Mains Power — Operates on 220-240V, 50-60Hz supply, making it suitable for regular corded use in home or workshop settings.

## Specifications by Variant

| Specification | 710705          |
|---------------|-----------------|
| Input voltage | 220-240/50-60Hz |
| Input         | 400 W           |
| No-load speed | 0-3800 rpm.     |

|                       |        |
|-----------------------|--------|
| <b>Chuck type</b>     | Keyed  |
| <b>Chuck Capacity</b> | 6.5 MM |
