

Kseibi 450W 10mm Keyless Electric Drill

Compact power for everyday drilling

Kseibi · 710711

Highlights

- 450W motor for everyday drilling jobs
- Variable no-load speed up to 3300 rpm
- 10mm keyless chuck for quick bit changes
- Corded design for continuous power supply
- Compact body helps in tighter working areas
- Pistol-grip layout supports controlled handling
- Simple trigger operation for easy use
- Suitable for workshop, site and home tasks
- 220-240V, 50-60Hz operating range
- Vented housing design shown in image

Key Features

- 450W Corded Performance — Provides dependable drilling power for general tasks without relying on battery charge cycles.
- 10mm Keyless Chuck — Makes changing bits quick and convenient, helping you move between jobs with less downtime.
- Variable Speed Control — No-load speed of 0-3300 rpm gives you the flexibility to work at a pace that suits the application.
- Compact Drill Format — The streamlined body and pistol-grip shape are easy to handle and practical for routine use.
- Workshop-Ready Design — A corded build, vented housing and straightforward controls make it a useful choice for regular drilling work.

Specifications by Variant

Specification	710711
Input voltage	220-240/50-60Hz
Input	450 W
No-load speed	0-3300 rpm.

Chuck type	Keyless
Chuck Capacity	10 mm
