

Kseibi 1050W 13mm Impact Drill

1050W power for tough drilling jobs

Kseibi · 710820

Highlights

- 1050W motor for demanding drilling applications
- Impact rate up to 44800 /min for harder materials
- Variable speed up to 2800 rpm for better control
- 13mm chuck suits common drill bit sizes
- Auxiliary side handle improves stability
- Depth guide helps with repeatable drilling depth
- Forward and reverse control for added convenience
- Corded 220-240V power for consistent output
- Inline body design supports balanced handling
- Suitable for workshop, site and home projects

Key Features

- Powerful 1050W motor — Delivers the strength needed for regular drilling and impact drilling across a wide range of tasks.
- High impact performance — With a maximum impact rate of 44800 /min, it is equipped for more demanding drilling in harder materials.
- Variable speed control — No-load speed up to 2800 rpm helps you match drilling speed to the material and application.
- 13mm chuck capacity — Accepts common accessory sizes, giving you flexibility for general trade and maintenance work.
- Improved handling setup — The visible side handle and depth rod help deliver better control, stability and drilling consistency.

Specifications

Branding	KSEIBI
Included accessory	Chuck key

Specifications by Variant

Specification	710820
Input voltage	220-240/50-60Hz
Input	1050 W
No-load speed	0-2800 rpm.
Maximum impact rate	0-44800 /min
Chuck Capacity	13 mm
