

## KSEIBI KSB 900 D 900W 13mm Keyless Impact Drill

**900W power for fast, controlled drilling**

Kseibi · 710835

### Highlights

- 900W motor for demanding drilling applications
- 13mm keyless chuck for fast bit changes
- Variable no-load speed up to 2800 rpm
- Impact rate up to 44800/min for masonry work
- Corded 220-240V power for consistent output
- Auxiliary side handle improves control
- Depth stop helps drill to consistent depths
- Textured rear grip supports secure handling
- Suitable for workshop, site and home projects
- Designed for drilling in wood, metal and masonry

### Key Features

- 900W corded performance — The 900W input delivers dependable power for tougher drilling tasks and continuous use without battery downtime.
- 13mm keyless chuck — Change bits quickly and easily with the 13mm keyless chuck, ideal for smoother workflow across different jobs.
- Variable speed control — With a no-load speed range of 0-2800 rpm, you can match the drill response to the material and application.
- Impact drilling capability — A maximum impact rate of 0-44800/min helps the drill handle masonry and other harder surfaces more effectively.
- Control-focused design — The visible side handle, depth rod and textured grip help improve stability, handling and drilling accuracy.

### Specifications

|                     |         |
|---------------------|---------|
| Branding on housing | KSEIBI  |
| Auxiliary handle    | Yes     |
| Depth stop rod      | Yes     |
| Chuck type          | Keyless |

|              |        |
