

KSEIBI KSH 3-26 SDS-Plus Rotary Hammer 26mm 800W

Concrete drilling power with SDS-Plus speed

Kseibi · 711225

Highlights

- SDS-Plus rotary hammer for concrete drilling and chiselling
- 2.8 J impact force for effective hammer action
- 0-1450 rpm no-load speed for controlled drilling
- Maximum impact rate of 0-5900 /min
- Drills up to 26 mm in concrete
- Side handle supports steadier two-handed control
- Mode selector shown on body for task flexibility
- Supplied with drill bits, chisels and depth gauge
- Includes chuck adapter and carry case
- Works on 220-240V, 50-60Hz power supply

Key Features

- SDS-Plus Bit System — The SDS-Plus interface allows quick accessory changes and secure bit holding for efficient drilling and hammer work.
- 2.8 J Impact Energy — Delivers solid striking force to help drill into concrete and handle chiselling jobs with less effort.
- 26 mm Concrete Capacity — Suitable for common fixing, anchoring and installation work where dependable concrete drilling performance is needed.
- Controlled Handling — A side handle and ergonomic pistol-grip layout help improve balance, guidance and comfort during use.
- Accessory Kit Included — Shown with drill bits, chisels, a depth gauge, chuck adapter and carry case for a more complete working setup.
