

Kseibi 1750W Demolition Hammer with 30mm Hex Chuck

Heavy-duty breaking power for demanding demolition

Kseibi · 711405

Highlights

- 1750W motor for demanding demolition tasks
- 41J impact force for heavy breaking performance
- Maximum impact rate of 2000/min
- 30mm hex chuck for secure chisel fitment
- Suitable for concrete and masonry removal
- Rear and front handles support better control
- Cooling fins and vents visible on housing
- Includes pointed and flat chisels
- Supplied with carbon brushes and hex keys
- Designed for renovation and construction work

Key Features

- High-impact performance — Combines 1750W input with 41J impact force to handle tough demolition and breaking applications.
- Fast striking action — Delivers a maximum impact rate of 2000/min for efficient material removal on demanding jobs.
- 30mm hex chuck — The Hex 30 MM chuck type provides a solid connection for compatible demolition chisels.
- Controlled two-hand grip — Front auxiliary handle and rear handle help improve control, balance and comfort during operation.
- Ready-to-use accessory set — Image shows pointed and flat chisels, carbon brushes, hex keys and lubricant included with the tool.
