

Kseibi 125mm 1350W Wall Chaser

Power and control for clean wall channels

Kseibi · 711700

Highlights

- 1350W motor for demanding wall chasing tasks
- 9000 rpm no-load speed for efficient cutting
- Designed for 125 mm cutting discs
- Ø22 mm arbor for compatible disc fitting
- M14 spindle thread suits common accessories
- Two-hand grip layout for controlled guidance
- Integrated dust extraction outlet helps manage debris
- Guarded cutting zone supports cleaner operation
- Flat base aids stable tracking along the wall
- Ideal for cable, conduit and pipe channel cutting

Key Features

- 1350W Cutting Power — Delivers the motor power needed for chasing channels into masonry for electrical and installation work.
- 9000 rpm No-Load Speed — High rotational speed helps the machine cut efficiently and maintain progress through tough wall material.
- 125 mm Disc Capacity — Built around a maximum 125 mm disk diameter, making it suitable for common wall-chasing applications.
- Controlled Two-Hand Handling — The top handle and front auxiliary handle layout shown helps improve control, balance and guidance during use.
- Dust Extraction Connection — Integrated extraction outlet allows connection to suitable dust management equipment for a cleaner workspace.

Specifications

Power cord	corded
Dust extraction port	integrated
Handle configuration	top handle with front auxiliary handle
Guard	integrated cutting guard

Specifications by Variant

Specification	711700
Input voltage	220-240/50-60Hz
No-load speed	9000 rpm.
Max. disk diameter	125 mm
Feature	Arbor Ø22 mm
Spindle thread	M14
