

Kseibi 110mm Marble Cutter 1250W

Compact power for tile and marble cutting

Kseibi · 711800

Highlights

- 1250W motor for demanding tile and marble cutting
- 110mm maximum disc diameter for compact precision work
- 13800 rpm no-load speed for fast cutting action
- Ø20 mm arbor for correct blade fitment
- Top handle design supports controlled operation
- Flat base plate helps guide straight, steady cuts
- Guarded blade layout for confident jobsite use
- Compact body suits fitting, trimming and renovation work
- Designed for marble, tile and similar hard materials
- 220-240V, 50-60Hz input for standard power supply use

Key Features

- 1250W Motor Output — Provides the power needed for cutting tasks in marble, tile and other hard finishing materials.
- High No-Load Speed — With a no-load speed of 13800 rpm, the cutter is set up for quick, efficient cutting performance.
- 110mm Blade Capacity — The maximum disc diameter of 110mm makes it suitable for compact, precise cutting applications.
- Controlled Handling — The top handle configuration shown in the image helps improve grip, comfort and directional control.
- Stable Cutting Support — A flat base plate helps the tool track more steadily over the work surface during guided cuts.
