

Kseibi 100mm 750W Angle Grinder

Compact power for cutting and grinding

Kseibi · 711900

Highlights

- 750W corded angle grinder for workshop and site use
- 100 mm maximum disc diameter for compact cutting tasks
- 11,000 rpm no-load speed for quick material removal
- M10 spindle thread for compatible accessory fitting
- Arbor diameter 16 mm as specified
- Side handle supports steadier two-handed control
- Protective guard helps direct debris away from the user
- Rear cooling vents visible on housing
- Includes pin wrench for wheel changes
- Supplied with spare carbon brushes

Key Features

- Compact 100 mm format — Sized for 100 mm discs, this grinder is easier to maneuver in tighter working areas and on detailed fabrication jobs.
- 11,000 rpm no-load speed — High no-load speed helps deliver fast cutting and grinding action for routine metal preparation, smoothing and cleanup.
- Consistent corded power — The 220-240V, 50-60Hz supply gives you continuous runtime without battery interruptions, ideal for longer bench or site tasks.
- Control-focused handling — A slim main body and visible side handle support a secure grip for better control when grinding edges or making cuts.
- Ready for maintenance — The image shows a pin wrench and spare carbon brushes, helping with accessory changes and ongoing tool upkeep.
