

Kseibi 125mm Variable Speed Angle Grinder 1000W

Controlled power for cutting and grinding

Kseibi · 711936

Highlights

- 1000W corded angle grinder for cutting and grinding tasks
- Variable speed range from 3000-11000 rpm
- Takes discs up to 125 mm diameter
- M14 spindle thread suits common accessories
- Ø22 mm arbor for compatible 125 mm discs
- Side handle helps improve control and stability
- Wheel guard supports safer operation
- Slim body shape for a comfortable grip
- Supplied with wrench and spare carbon brushes
- Suitable for workshop, maintenance and site use

Key Features

- Variable speed control — Adjustable no-load speed from 3000-11000 rpm helps you tailor performance to cutting, grinding and surface prep work.
- Versatile 125mm capacity — Designed for discs up to 125 mm, giving you a practical size for a wide variety of everyday metalworking and construction tasks.
- Standard accessory fit — With an M14 spindle thread and Ø22 mm arbor, it works with widely used compatible grinder accessories.
- Controlled handling — The side handle and slim main body help you maintain a steadier grip for better guidance through demanding jobs.
- Ready to get to work — Supplied as shown with guard, side handle, pin wrench and spare carbon brushes for practical day-to-day use.
