

Kseibi 125mm 950W Angle Grinder

Built for controlled 125mm cutting and grinding

Kseibi · 711945

Highlights

- 950W corded angle grinder for cutting and grinding tasks
- 11000 rpm no-load speed for fast material removal
- Takes discs up to 125 mm diameter
- M14 spindle fits widely used grinder accessories
- Ø22 mm arbor supports standard disc fitment
- Auxiliary side handle helps improve control
- Wheel guard fitted for safer working coverage
- Slim rear grip supports comfortable handling
- Includes pin spanner for accessory changes
- Replacement carbon brushes included in the pack

Key Features

- 950W Corded Performance — Mains-powered 950W output gives dependable power for regular grinding and cutting jobs without relying on battery runtime.
- Fast 11000 RPM Speed — A no-load speed of 11000 rpm supports efficient cutting, grinding and surface preparation across common workshop tasks.
- Versatile 125 mm Capacity — Designed for discs up to 125 mm, offering a practical balance between reach, control and everyday jobsite versatility.
- Standard Accessory Fit — The M14 spindle and Ø22 mm arbor make it easy to match with compatible, commonly available discs and accessories.
- Controlled Handling Setup — The side handle, slim body and fitted guard help support steadier operation and confident handling while you work.
