

KSEIBI 2000W 180mm Angle Grinder

Heavy-duty power for bigger grinding jobs

Kseibi · 711954

Highlights

- 2000W motor for demanding cutting and grinding
- 8000 rpm no-load speed for fast material removal
- Accepts discs up to 180 mm diameter
- M14 spindle thread for accessory compatibility
- 22 mm arbor supports specified disc fitting
- Side handle helps improve control and leverage
- Full guard helps direct sparks and debris
- Long rear grip supports stable two-hand use
- Suited to metal cutting, grinding and prep work
- Corded 220-240V operation for consistent power

Key Features

- 2000W Motor Output — Delivers the power needed for tougher grinding, cutting and surface preparation tasks.
- 180mm Disc Capacity — Supports larger discs for broader coverage and deeper cutting capability on demanding jobs.
- 8000 rpm No-Load Speed — Provides strong rotational speed for efficient material removal and productive working.
- Controlled Two-Hand Operation — A side handle and long rear grip help improve balance, leverage and handling during use.
- Jobsite-Ready Compatibility — Features an M14 spindle thread and 22 mm arbor to match the specified accessory fitment.

Specifications by Variant

Specification	711954
Input voltage	220-240/50-60Hz
No-load speed	8000 rpm.
Max. disk diameter	180 mm

Feature	Arbor Ø22 mm
Spindle thread	M14
