

KSEIBI 180mm Tile Saw 450W

Compact power for controlled tile cutting

Kseibi · 712760

Highlights

- 450W motor for dependable tile cutting performance
- 4200 rpm no-load speed for steady blade rotation
- Accepts up to 180 mm disk diameter
- Arbor size Ø22.2 mm
- Bench-top design supports controlled cutting
- Visible guide fence helps with straighter cuts
- Angle guide assists with repeatable positioning
- Compact footprint suits workshops and jobsites
- Simple on/off switch for straightforward operation
- Stable base helps keep the saw planted in use

Key Features

- 450W Electric Motor — Provides practical cutting power for tile work, helping you handle routine fitting and installation tasks with confidence.
- 4200 RPM No-Load Speed — Delivers fast blade rotation for smooth, consistent cutting action during bench-top tile cutting applications.
- 180 mm Blade Capacity — Designed for use with a maximum disk diameter of 180 mm, giving you the specified cutting format for the machine.
- Guided Table Cutting — The table layout, fence and angle guide support better alignment and improved control compared with unsupported cutting.
- Compact Bench-Top Format — Easy to place in a work area, this compact saw is well suited to garages, workshops and jobsite setup spaces.
