

Kseibi KEX 30-125 V 125mm Random Orbit Sander 300W

Smooth finishing with controlled variable speed

Kseibi · 712900

Highlights

- 125 mm sanding disc suits common finishing tasks
- Variable no-load speed from 6000 to 13000 /min
- 2.7 mm sanding orbit balances cut and finish
- Random orbit action helps deliver even results
- Compact palm-grip body for controlled handling
- Rear dust bag helps collect sanding dust
- Corded design for continuous workshop use
- Suitable for wood, paint, filler and prep work
- Good for smoothing, keying and surface finishing
- 220-240/50-60Hz input for standard mains use

Key Features

- Variable speed control — Adjust the no-load speed from 6000 to 13000 /min to better match sanding intensity to the material and finish required.
- 125 mm sanding format — The 125 mm sanding disc size is a versatile choice for general woodworking, decorating and repair applications.
- 2.7 mm orbit action — A 2.7 mm sanding orbit helps combine efficient material removal with a smoother surface ready for finishing.
- Integrated dust collection bag — The rear-mounted dust bag shown in the image helps capture debris during sanding for a cleaner, clearer workspace.
- Compact ergonomic body — The palm-style housing is designed for comfortable control, making it easier to guide the tool across flat areas and edges.

Specifications

Dust collection	Dust bag included
Power Supply	Corded

Specifications by Variant

Specification	712900
Input voltage	220-240/50-60Hz
No-load speed	6000-13000 /min
Sanding disc Ø	125 mm
Sanding orbit Ø	2.7 mm
