

Kseibi 710W Variable Speed Jigsaw 80mm

Variable speed control for cleaner cuts

Kseibi · 714005

Highlights

- 710W corded jigsaw for steady cutting power
- Variable blade speed from 0-3000/min
- Cuts wood up to 80 mm
- Cuts aluminum up to 12 mm
- 19 mm stroke length for efficient cutting
- Top handle design for controlled guidance
- Stable base plate supports accurate cutting
- Front guard area helps blade-line visibility
- Includes jigsaw blades in the pack
- Parallel guide included for repeat cuts

Key Features

- Variable speed performance — Adjustable blade speed from 0-3000/min gives better control across different materials and cutting tasks.
- Capable wood cutting — Handles wood up to 80 mm, making it suitable for boards, panels, trim and general carpentry work.
- Cuts light aluminum — With a 12 mm aluminum cutting capacity, it is useful for selected light metal jobs as well as woodwork.
- Efficient 19 mm stroke — The 19 mm stroke length supports steady cutting progress while maintaining control through curves and straight lines.
- Ready-to-use accessory set — Shown with jigsaw blades and a parallel guide, helping you start cutting and make more consistent repeat passes.
