

Kseibi 850W 180mm Reciprocating Saw

Corded power for fast demolition and cut-through work

Kseibi · 714105

Highlights

- 850W corded reciprocating saw for demanding cutting tasks
- Variable blade speed from 0-2800 /min for better control
- 28 mm stroke length helps speed through tough materials
- Cuts wood up to 180 mm
- Cuts metal up to 30 mm
- Suitable for demolition, renovation and maintenance work
- Rear handle design supports controlled two-hand operation
- Front shoe helps brace the saw against the workpiece
- Works from a 220-240V, 50-60Hz power supply
- Image shows included blades for added versatility

Key Features

- 850W corded performance — Delivers dependable mains-powered cutting for repeated use in workshops, renovations and site tasks.
- Variable speed trigger control — With blade speed from 0-2800 /min, you can adapt cutting action to wood, metal and changing job conditions.
- Efficient 28 mm stroke — The long stroke helps the blade cover more material per pass for productive rough cutting and tear-out work.
- Multi-material capability — Designed to cut wood up to 180 mm and metal up to 30 mm, giving one tool broad day-to-day usefulness.
- Controlled working position — The rear handle body style and front shoe support stability and handling when making aggressive cuts.

Specifications

Branding on tool body	KSEIBI
Included accessories shown	2 blades

Specifications by Variant

Specification	714105
Input voltage	220-240/50-60Hz
Blade speed	0-2800 /min
Stroke length	28 mm
Sawing capacity in wood	180 mm
Sawing capacity in metal	30 mm
