

Kseibi Electric Hot Knife 130W

Clean heat cutting with adjustable control

Kseibi · 714640

Highlights

- 130 W electric hot knife for controlled cutting
- Adjustable temperature range from 0-450
- Adjustable cutting depth from 95 mm to 140 mm
- Designed for 220-240/50-60Hz power supply
- Metal cutting head supports durability
- Long heated blade helps guide clean cuts
- Contoured handle improves grip and control
- Guarded front section aids steadier handling
- Suitable for repeated workshop and site tasks
- Corded design delivers consistent power

Key Features

- Adjustable temperature control — Set the heat anywhere within the 0-450 range to better match the material and the cut you need to make.
- 130 W powered performance — The 130 W input provides steady heating for controlled cutting without relying on disposable blades alone.
- Variable cutting depth — Adjust the cutting depth from 95 mm to 140 mm for greater flexibility across different applications.
- Durable metal cutting assembly — The image shows a substantial metal head and guide assembly built for regular use and dependable stability.
- Ergonomic corded handle — A shaped grip with accessible controls helps you maintain comfort and control through longer cutting jobs.
