

## Kseibi 1400W High Pressure Washer 105 Bar

Compact power for everyday outdoor cleaning

Kseibi · 716205

### Highlights

- Up to 105 bar pressure for effective outdoor cleaning
- 1400W motor supports routine home maintenance tasks
- 330 l/h max flow rate helps rinse dirt away quickly
- 5 m hose gives useful reach around the work area
- Handles incoming water temperatures up to 50 °C
- Compact upright design is easy to position and store
- Integrated carry handle improves portability
- Onboard spray gun storage keeps the unit organised
- Trigger gun and lance support controlled cleaning
- Suitable for patios, furniture, bikes and vehicles

### Key Features

- Compact Cleaning Power — With 1400W power and up to 105 bar pressure, this washer is designed to tackle common outdoor dirt and grime efficiently.
- Useful Water Flow — A maximum flow rate of 330 l/h helps loosen and rinse away debris from hard surfaces and exterior items.
- Extended Working Reach — The 5 m hose provides practical freedom of movement for cleaning around patios, driveways, vehicles and garden areas.
- Portable, Space-Saving Design — Its upright body and integrated top handle make the unit easy to carry, position and store when not in use.
- Organised Everyday Use — Built-in spray gun storage helps keep the washer neat and ready for the next cleaning task.
