

Kseibi GEN 5500 5.5kW Gasoline Generator

Reliable portable power for work and backup

Kseibi · 716815

Highlights

- 5.0kW rated output and 5.5kW maximum output
- 220V/50Hz A.C. power for general applications
- 420cc 4-stroke single-cylinder engine
- Transistor magneto ignition system
- 25L fuel tank for extended running periods
- Open frame design for accessible servicing
- Wheel kit helps move the generator with ease
- Tubular frame helps protect key components
- Front control panel for convenient operation
- Stable support feet for grounded placement

Key Features

- Strong usable output — Delivers 5.0 kW rated A.C. output with 5.5 kW maximum output for powering tools, equipment and backup essentials.
- 420cc petrol engine — Powered by a 420cc 4-stroke single-cylinder engine designed for dependable everyday generator duty.
- Longer time between refills — The 25 L fuel tank supports extended operation, helping reduce interruptions during demanding tasks.
- Reliable ignition system — Transistor magneto ignition supports consistent starting and steady generator performance.
- Portable framed design — The wheel kit and tubular open frame make the unit easier to move, position and protect on site.

Specifications

Mobility	Wheel kit
Frame style	Open tubular frame
Support	Stabilising feet

Specifications by Variant

Specification	716815
Rated/Max.A.C.output	5.0 kW/5.5 kW
A.C.Frequency	220 V/50Hz
Engine Type	4 stroke; single cylinder
Ignition System	Transistor magneto
Displacement	420cc
Fuel Tank Capacity	25 L
