

Kseibi KGI 3800 E Gasoline Inverter Generator

Portable inverter power with flexible starting

Kseibi · 716870

Highlights

- 3.5 kW rated A.C. output for dependable portable power
- 3.8 kW max A.C. output for handling startup demand
- 230 V/50Hz output suits common site and home applications
- 223cc 4-stroke single-cylinder gasoline engine
- Recoil, electric and remote start for flexible operation
- 11 L fuel tank supports longer runs between refills
- Inverter design for stable, usable portable electricity
- Enclosed body helps protect internal components
- Integrated wheels make transport easier
- Front control panel keeps outlets and controls accessible

Key Features

- Inverter power delivery — Designed to provide stable portable A.C. output, making it a practical choice for tools, equipment and other power needs.
- Strong usable output — Delivers 3.5 kW rated output with 3.8 kW maximum A.C. output for reliable everyday performance.
- Three starting options — Recoil, electric and remote start give you convenient ways to start the generator in different working conditions.
- Portable enclosed design — The enclosed housing, integrated handles and wheels support easier movement, storage and general handling.
- Built for versatile use — Suitable for backup power, outdoor jobs, mobile work and locations where mains electricity is unavailable.
