

Kseibi KAC 31-70 M Evaporative Air Cooler 70L 310W

Powerful cooling for busy workspaces

Kseibi · 717948

Highlights

- 7,500 m³/h airflow for large indoor spaces
- 70 L tank supports longer cooling sessions
- Cools areas from 30–55 m²
- 3 wind speeds for flexible comfort control
- Left/right automatic swing widens coverage
- LCD touch panel with water and speed display
- Remote control included for easy operation
- Manual fill or continuous hose water supply
- Removable honeycomb cooling pad for maintenance
- 4 caster wheels with 2 locking brakes

Key Features

- High-airflow evaporative cooling — Delivers 7,500 m³/h airflow using evaporative cooling technology to help lower air temperature in working and commercial environments.
- Built for larger rooms — Designed for effective cooling in spaces from 30–55 m², making it suitable for workshops, warehouses, gyms, offices and retail areas.
- Simple, flexible control — Operate the unit from the LCD touch panel or the included remote control, with functions for power, cool, swing, speed and timer.
- Large tank with easy water management — The 70 L water tank supports extended use, while the visible water-level window and hose connection option make refilling easier.
- Mobile and maintenance-friendly — Four caster wheels help you move the cooler where needed, and the removable, replaceable honeycomb pad helps simplify upkeep.

Specifications

Product type	Evaporative Air Cooler
Model	KAC 31-70 M
Power	310 W
Blowing air flow	7,500 m³/h

Water tank Capacity	70 L
Wind Speeds	3
Swing	Left/Right automatic swing
Effective Cooling Area	30–55 m ²
Dimensions (W × D × H)	89 × 50 × 140 cm
Timer	24-hour timer
Remote Control	Yes (Power, Cool, Swing, Speed, Timer buttons)
Control Panel	LCD touch panel with water level + wind speed display
Panel Functions	ON/OFF, Cool/Fan, Swing, Wind Speed, Timer, RCV
Indicator Lights	Power, Cool, Blast, Timer, Lack of Water
Water level indicator	External visible water-level window (no need to open tank)
Cooling Pad	Evaporative honeycomb pad, removable/replaceable
Water Supply	Manual fill + continuous supply via garden hose (quick-connect adapters included)
Mobility	4 caster wheels, 2 with locking brakes
Cooling Technology	4D spiral cooling, 360° air circulation
Airflow Performance	Full-room airflow within 60 seconds
Included accessories	Remote control, hose quick-connect fittings (2× green + 2× black tap adapters)
Applications	Warehouses, workshops, factories, gyms, retail stores, offices
