

Kseibi KAC 110-130 L Industrial Evaporative Air Cooler 130L 1100W

Industrial cooling with powerful portable airflow

Kseibi · 717957

Highlights

- 18,000 m³/h airflow for large-area cooling
- Effective for spaces from 150–200 m²
- 130 L water tank supports extended operation
- 1100 W evaporative cooling performance
- 3 wind speeds for adjustable comfort
- Remote control included for convenient operation
- LCD panel with wind speed display
- Removable honeycomb cooling pad for maintenance
- Manual fill or continuous hose water supply
- Heavy-duty caster wheels with locking brakes

Key Features

- High-volume airflow — Delivers 18,000 m³/h blowing air flow to help cool large open areas such as workshops, warehouses and retail spaces.
- Large-capacity water tank — The 130 L tank is designed for demanding environments where longer running time and fewer refills are important.
- Flexible water supply — Use manual filling or connect a garden hose for continuous supply using the included quick-connect adapters.
- Simple control options — Operate the cooler from the LCD control panel or use the remote for ON/OFF, Cool, Speed, Swing and Timer functions.
- Portable industrial design — Detachable heavy-duty caster wheels with locking brakes make it easier to move the unit and secure it in position.

Specifications

Product type	Evaporative Air Cooler
Branding on unit	KSEIBI
Form factor	Floor-standing portable unit
Brand	Kseibi

Model	KAC 110-130 L
Power	1100 W
Blowing air flow	18,000 m³/h
Water tank Capacity	130 L
Wind Speeds	3
Effective Cooling Area	150–200 m²
Dimensions (W × D × H)	112 × 64 × 160 cm
Remote Control	Yes (ON/OFF, Cool, Speed, Swing, Timer buttons)
Control Panel	LCD panel with wind speed display (ON/OFF, Cool, Speed, Timer)
Fan Type	Single large-diameter axial drum fan
Cooling Pad	Evaporative honeycomb pad, removable/replaceable
Water level indicator	External visible water-level window
Water Supply	Manual fill + continuous supply via garden hose (quick-connect adapters included)
Mobility	Detachable heavy-duty caster wheels (bolt-in recessed sockets), with locking brakes
Cooling Technology	4D spiral cooling, 360° air circulation
Airflow Performance	Full-room airflow within 60 seconds
Included accessories	Remote control, hose quick-connect fittings (2× green + 2× black tap adapters)
Applications	Warehouses, factories, workshops, gyms, retail stores, offices
