

KSEIBI 900ml Water Hand Sprayer

Simple spraying for everyday plant care

Kseibi · 763020

Highlights

- 900ml capacity for everyday watering tasks
- PE bottle construction for lightweight handling
- Transparent white bottle shows contents clearly
- Manual trigger head for controlled spraying
- Ideal for indoor plants and small garden jobs
- Comfortable shape is easy to hold and aim
- Compact size stores neatly between uses
- Suitable for greenhouse, balcony and home use
- Simple design for quick fill-and-spray use
- KSEIBI quality for practical routine care

Key Features

- 900ml Working Capacity — Sized for routine plant care and light spray tasks without the bulk of a larger sprayer.
- PE Bottle Construction — Made from PE for a lightweight, practical body that is easy to carry and handle during use.
- Transparent Bottle — The white transparent bottle makes it easier to monitor the contents while you work.
- Manual Trigger Operation — The hand trigger design gives direct, simple control for targeted spraying around plants and surfaces.
- Versatile Everyday Use — A handy option for indoor plants, balconies, greenhouses and general home or garden spray jobs.
