

Kseibi Transparent Nano Tape 1mm x 3cm x 3m

Clear fixing for a cleaner finish

Kseibi · 882245

Highlights

- Transparent finish for low-visibility fixing
- 1mm thick profile for neat placement
- 3cm width offers broad surface contact
- 3m roll gives useful length for repeated jobs
- Easy to cut to the size you need
- Suitable for home, office and workshop tasks
- Helpful for mounting, organising and positioning
- Roll format stores neatly in a drawer or toolbox
- Clean look compared with bulky visible fixings
- Practical for smooth-surface applications

Key Features

- **Transparent Design** — The clear tape blends in visually for a tidier result where appearance matters.
- **Slim 1mm Thickness** — A thin profile helps keep applications neat while remaining easy to handle and position.
- **Useful 3cm Width** — The wider format provides good coverage and contact area for a range of everyday fixing tasks.
- **3m Roll Length** — A full roll gives enough material for multiple jobs and can be cut to suit different applications.
- **Versatile Everyday Use** — Suitable for mounting, organising, crafting and general household, office or workshop tasks.
