

Kseibi Leak Repair Tape 0.75 mm x 10 cm x 1.5 m

Quick coverage for fast leak repairs

Kseibi · 882250

Highlights

- 0.75 mm thick for solid patch coverage
- 10 cm width helps cover larger damaged areas
- 1.5 m roll length for multiple repair tasks
- Suitable for quick leak repair applications
- Wide format helps reduce the need for joins
- Practical choice for workshop or home use
- Black finish for a clean, discreet look
- Easy roll form for simple handling and cutting
- Useful for temporary repairs and reinforcement
- Compact roll to keep in your tool kit

Key Features

- Thick Repair Layer — Built with a 0.75 mm thickness to provide substantial coverage for patching and sealing tasks.
- Wide Coverage — The 10 cm width helps cover broader damaged areas more efficiently than narrow tape strips.
- 1.5 m Roll Length — Provides enough material for several small repairs or one larger patching job.
- Versatile Maintenance Use — Ideal for quick-response repair work in garages, workshops, jobsite kits and around the home.
- Easy-to-Store Roll — Supplied in a compact roll format that is simple to handle, store and keep ready for repair jobs.
