

Kseibi Anti-Slip Tape Roll 5cm x 5m

Add reliable grip where it matters

Kseibi · 882260

Highlights

- 5cm x 5m roll for steps, ramps and walkways
- Textured abrasive surface helps improve grip
- Cut to the length you need for each application
- Ideal for stair treads, edges and access points
- Roll format makes storage and handling easy
- Black finish suits workshops and utility areas
- Visible central strip helps define the taped area
- Useful for home maintenance and professional jobs
- Helps add traction without bulky fittings
- Simple way to upgrade slippery smooth surfaces

Key Features

- Textured Grip Surface — The abrasive top layer is designed to create extra traction underfoot on surfaces that need better grip.
- 5cm x 5m Coverage — With a 5cm width and 5m length, the roll is suited to covering multiple steps, edges or narrow walkways.
- Cut-to-Fit Convenience — Trim the tape to the exact length required for stairs, ramps, thresholds and other targeted areas.
- Visible Central Strip — The contrasting strip shown on the tape helps make treated areas easier to notice once applied.
- Versatile Safety Use — A practical choice for homes, workshops and general access areas where improved footing is needed.
