

Kseibi Black Poly Strapping Roll

Secure loads with dependable PET strapping

Kseibi · 882305

Highlights

- PET plastic-steel strapping for secure bundling
- Black finish for a neat, professional look
- Suitable for cartons, bundles and pallet loads
- Helps reduce load movement in storage and transit
- Practical roll format for routine packing tasks
- Supplied with paper core for easy handling
- 8 kg roll for warehouse and dispatch use
- Useful for shipping, stockroom and logistics work
- Compatible with general strapping applications
- Designed for consistent day-to-day securing

Key Features

- PET Plastic-Steel Construction — Made from PET plastic-steel strapping for dependable securing in packing, bundling and transport tasks.
- Black Roll Finish — The black colour gives secured loads a clean, tidy appearance suitable for professional shipping environments.
- Built for Packaging Work — Well suited to stabilising cartons, bundles and palletised goods during storage, handling and delivery.
- Roll with Paper Core — Supplied as a roll with paper core for convenient handling within standard packing and strapping workflows.
- 8 kg Supply Format — Delivered as an 8 kg roll, offering a practical format for regular use in warehouse and dispatch settings.
