- Compact size stores easily in tool bags
- Wrist strap helps keep torch close at hand
- Multi-LED front visible in the head
- Suitable for workshop, site and home use
- Clean silver finish with professional look
- Easy to carry for quick inspections
- Straightforward torch for reliable everyday use

Key Features

- 9W LED output — Provides practical handheld illumination for inspections, maintenance and general everyday tasks.
- Metal construction — The torch body is made with a metal housing that offers a sturdy feel for regular use.
- Textured grip zones — Knurled sections on the body help improve grip and control while carrying or using the torch.
- Integrated wrist strap — A fitted strap helps you keep the torch secure and close by as you move between jobs.
- Compact carry design — The streamlined shape fits easily into tool bags, storage compartments and drawers for fast access.
